Decorated soundboard

Plain soundboard

### Celtic Isolde

Timeless appearance, beautifully light, folk gauge Alliance® strings, and a clear, dynamic sound make the Isolde a dream harp for traditional music. Its range, extended to the 38 strings of modern harps, firmly anchors it in the here and now. With a bass register of great depth and bewitching power, and a supple yet firm touch, the Isolde will offer you incomparable pleasure, as well as great diversity in your musical choices.

### Classical Isolde

A homage to Wagner's famous opera, the Isolde represents the quintessence of our master craftsmen's passionate work. This superbly constructed harp is equipped with fluorocarbon strings. Their tension is identical to that of concert harps, with a rich, round sound, and exceptional tone quality – all ideal for classical repertoire. These strings are also very stable in comparison to gut strings, sound beautiful and are fantastically durable.
